

KEVIN BURDETTE

Kevin,
To a really
nice guy

To a really
cute guy and good
friend. Have a nice
summer and live it up!
Cause if you don't
Good luck next year and
years to come! even if
you don't need it.
Can you read since
you can't hear!

Kevin,
It's pretty good
to know someone
who tries to play
B. Ball. If you want
to hear I'll show you
some day (just kidding)

Kevin,
I am really glad
I got to know ya this
year. I hope we can all
get together this summer.
You're a real sweet guy
stay that way. Take care
of yourself! Love
Andy

Kevin,
I am really glad this
I finally met you are really
a nice looking guy with a
great personality. Remember all
the dances... and all the "fun".
I hope to see you over the summer
and behave yourself if possible.
Love,
Bonna

Be never forget
advice and my
there is a sexy
pal

Kevin,

I am still ashamed to
be known as your cousin. You
are one sorry and stupid basketball
player. (Only kidding about this all). Good
luck with all the guys over the summer.
See you later.

"Bud"

Mike Rankin

Kevin,

To the sweetest guy I ever liked
you really something else. We had fun
up at the pool and camping out. I
hope sometime we can get together (don't
let Brian - see this) and have some fun.
Hope you come up to the pool and talk
this summer if you don't I'll just
have to forget what I said in this.
Don't change and take care of that
body of yours. Keep in touch.

#829-1520

Love ya,
Melanie

We, the Senior Class, dedicate the 1979 Sword and Shield to Mrs. Margaret Miller. Her numerous years of teaching have enriched many of our lives. As we say farewell, we hope that her farewells will be beginnings also.

Within each of us
there are

"moments of truth,"

times of decision,

crossroads
which affect the
directions of our lives . . .

*Dear Keress, know you!
I really d' really a great guy!
You're really a great guy!
See you over the summer!
Love,
Karin*

TO THE SENIORS

A high school today has two tasks: to impart to its students the ability to communicate and be communicated with; and to introduce students to the techniques by which learning is achieved. If the school succeeds in these tasks, its graduates have the equipment for further learning. The degree of success which the individual has in achieving these two goals depends largely on the attitude he brings with him and his perseverance toward his objectives.

"Miniver Cheevy" would have been happier in an earlier century, but he consoles himself that happiness is not the goal of life. He knows he is in the out-group and fumes with a guilty awareness that it is childish to feel left-out.

Don't be left out in the business of life. You are important. If a place does not seem to be available, make one. You are a free person and freedom, to a strong person, is an invitation to accomplishment; to the weak, it is an enticement to idleness.

I hope each of you will strive for excellence — to be the uniquely competent person you can be. Uniqueness is not the goal. Being different for the sake of being different is foolish. How much more pleasant it would be if fewer people sought uniqueness in novelty and more strove to be uniquely competent in their professions.

My best wishes go with you.

South Carroll had three full-time counselors and two part-time counselors to serve the needs of the students. They schedule classes and invite college speakers to help students with their future plans. They are a vital part of South Carroll High School and a special help to the students with any kind of problems.

The South Carroll Mathematics Department has general courses from General Math I and II to more advanced courses like Geometry, Introductory Analysis, and Calculus. Basic Math is offered for the students needing a little extra help with basic math principles. There are many courses designed for the student going on to college and there are a few math courses for the business minded individual.

The Mathematics Department strives to provide the students of South Carroll with a foundation in mathematics that will help them to achieve success in their chosen fields of endeavor.

Social Studies at South Carroll ranges from analyzing the development of women's rights to examining the U.S. Criminal Justice System. In the classroom, students have opportunities to become active in such projects as making archeological digs to a discussion of dress codes. Social studies is a study of man's relationship to the past, present, and future with a combination of political science, sociology, geography, psychology, anthropology, economics, and history.

The Work Study Department offers students special skills for specific jobs in the vocational field. This special course is taught for three periods every day and combines classroom learning with working in a program in the community which utilizes the training of the course.

The Business Education Department aims to provide students who want to go into the business world with specific skills. They teach typing and shorthand for the person becoming a secretary. Accounting is taught for anyone becoming an accountant and Data Processing is taught for the individual wanting to work with machines. The department also has Office Practice and Office Simulation for actual experience in an office situation.

The Physical Education Department attempts to develop sportsmanship and competition on a team or in individual sports. The philosophy is that students should be able to choose activities they like and they should enjoy their participation. In addition to the traditional sports, activities also include field hockey, flickerball, team handball, and lacrosse. Along with the regular physical education classes, the department offers special classes for specified skills like gymnastics, weight training, and Organization and Administration, which is designed for the student with a special interest in working with the teacher.

The Science Department wants to provide students with scientific principles through laboratory approaches. Along with reading and writing, there is a big emphasis on measurements. The basic science classes like Physical Science I to more advanced courses such as Geo-Space Science, Chemistry, and Physics are taught by the department.

Helping students to draw conclusions and express themselves is one of the objectives of the department. Science also provides students the opportunity to work on special advanced projects of individual interest. But mainly the Science Department directs students to use model approaches to understand their environmental system.

This group is responsible for collecting money and receipts of each day's sales and keeping accurate records of them. They also organize the distribution of yearbooks in the spring.

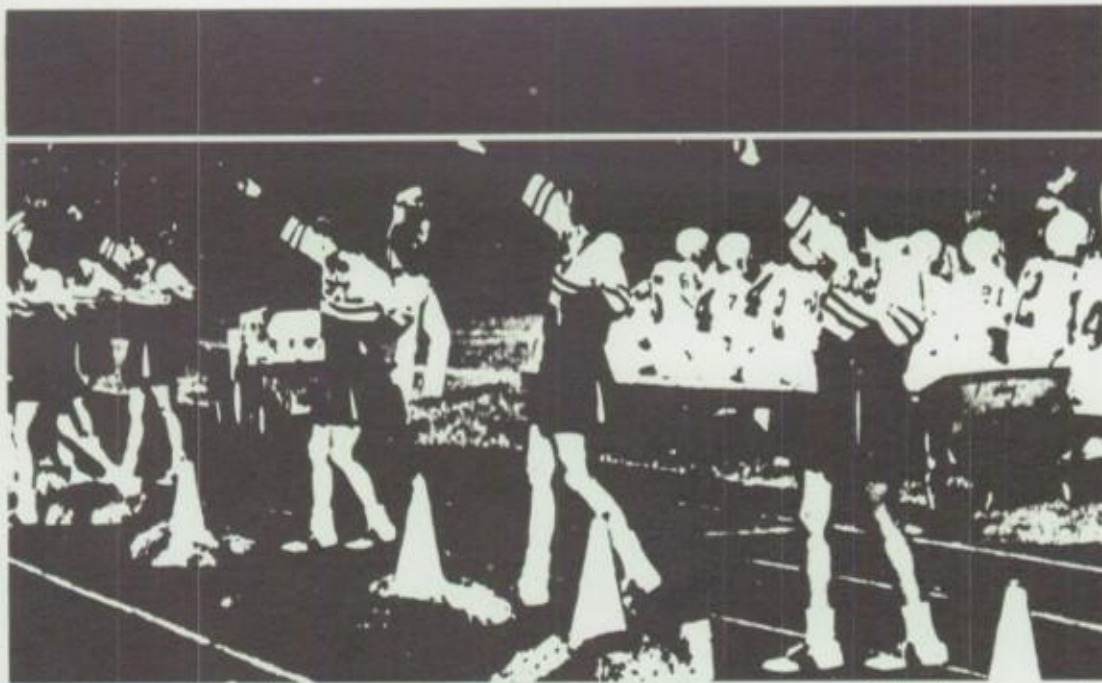

Advertising Section

Donna Jones, Mary Doyle — manager. (Not pictured) Tim Sutch.

This group makes a list of all advertisers, keeps records of all ads and patrons, then plan layouts for the yearbook.

Teamwork

Athletic Director

Fred Baker

According to the county guideline, the Athletic Director is the executive officer and the resource person for his or her individual school in the area of athletics. He attempts to build an athletic program based on sound educational objectives. Besides following this policy, Mr. Baker's duties include scheduling games, scheduling transportation, budgeting, attending meetings, maintaining facilities, making sure fields are limed and clocks are properly working, taking care of the payment of officials, following up on the ordering of new team uniforms, as well as attending all home games.

Mr. Baker feels that the combined cooperation of the community, school, administration and the athletes themselves, are definite pluses in the success of South Carroll's sports program. Mr. Baker believes that we're in a sports acclimated area and this certainly makes his job easier. Another contributory factor is the closeness and quality of his coaching staff, of whom he says, "They stick together and support each other's teams to the fullest. To me, this is great to see."

Team Results

The 1977 South Carroll baseball team had a disappointing season, but the team did give 100% at all times and the young players gave promise for more successful seasons in the future. Team batting leaders were Bobby Poist — .375, Freddy Biggers — .370 and Mike Franklin who hit .349 and drove in 17 runs. The highlight of the season was a come-from-behind 18 to 15 victory over Thomas Johnson.

Team Results

The 1978 Lady Cav's, despite losing more games (3) than previous teams, actually advanced further through playoffs before losing to the State Championship team.

In the process of achieving a 13-3 record, they successfully defended their hold on the Carroll County Title, defeating Westminster in the process.

For a team which has only competed in league play for 2 years, their record of 28-4 speaks very well of their ability to represent South Carroll High.

Team Results

With the return of many juniors and seniors, the Men's Track Team had promised from the start to be a successful one. Cavaliers Russell Williams, Dave Griffin and Herman Stenger provided much of the strength while juniors Todd Ashley, Mike Stiegler, Jon Merryman, Dave Alexander and Nick Agoris made up the backbone of a very successful Cavalier squad. The Cavaliers found themselves the defending District Champs and a perennial power in the Tri-State Conference.

Team Results

The 1978 Women's Track Team had a tremendous upswing of a year last Spring. The peak of enjoyment and thrill was the success of capturing the Carroll County Championship, taking it away from Westminster, North Carroll, and F.S.K. Ten school records were broken and one county record was set by Sylvia Konsen in the two mile run. Two women placed in states — Annette Williams in the 100 yd. dash and Laura Richards in the 100 meter hurdles.

Lacrosse Results

Last year was the first losing Lacrosse season ever under Coach Bill Hosier. The Cavaliers played quite well at times, but never really showed the brand of Lacrosse they were thought capable of. The Cavs were led by Captain Steve Goertemiller, Paul Janyska, and Mike Merashoff. Eric Schwaab, a transfer student, led the team in scoring.

Team Results

This year's varsity football team had the best record ever accomplished by a South Carroll Football team. Several of the team's pre-season goals were accomplished, including finishing with a record of 7-3, winning the homecoming game, defeating Westminster, and becoming the Tri-State Champions. After a slow start, the Cavaliers rallied to six straight victories. Total team effort and senior leadership played a tremendous role in their success. The Cavaliers were awarded seven positions on the All Tri-State first team: seniors Freddy Biggers for linebacker, Ken Brown for center, Kent Herche for offensive tackle and defensive noseguard, Steve Horn for defensive secondary back, and juniors Scott Keefer for offensive guard and Bob Poist for offensive end.

Team Results

The 1978-79 Men's Varsity basketball team started out with very little hope of accomplishing much this season. But with a team effort and strong will, it proved to be a competitive opponent in the county and tri-state league play.

The Cavaliers participated in Westminster's Christmas Tournament in which they lost a hard fought battle to Southwestern High of Baltimore, the eventual winner of the tournament. However, South Carroll won the consolation game against Westminster. Eric Mercer and Steve Johnson were honored by being selected for the tournament all-star team.

"And now we begin
to say good-bye,
for we must part
and go our separate ways . . .
But we leave
 so much stronger . . .
We have given each other
something that will strengthen
us on our journeys,
 the memories of
 sharing,
 respect,
 and love."

In Memoriam

Ray Ira Boone

If chance should make us lose a favored friend
And times are not the same without him here,
Maybe our minds and hearts should turn our thoughts
To brighter days.
Within our lives and in our memories
The spirit of our friend will always stay,
And often in the future make us think
Of yesterday.

Life is full of accomplishments. You have just completed a major one — graduating from high school. Now you are entering the mainstream of life; either, continuing your education or beginning your career in the working world.

Banking is a part of everyone's life, and as you go through life, and as you go through life, you should find a bank to satisfy all of your financial needs. Why not establish a relationship with a bank early in your life?

WE would like that bank to be us . . .

Kevin,
It has been a dis-
pleasure sitting by you in
Biology class. I know you're one
tough dude and I don't want you
messing with me! So Red man keep cool
over the summer and don't fool around with
too many young ladies. Love a few for me.
